Career Objective

A recent Computer Science graduate seeking an opportunity in the IT field to build practical experience, strengthen technical and problem-solving skills, and grow professionally through consistent learning and real-world work.

Skills

Technical Skills

- **Programming Languages:** Python, C, C++, JavaScript
- **Frameworks & Web:** Laravel, HTML, CSS, Bootstrap
- **Databases:** MySQL
- **Tools & Platforms:** Linux, Git, GitHub, MS Office, Google Workspace
- **Core Concepts:** Data Structures, Algorithms, OOP, Database Design, Basics of Machine Learning & Data Analysis

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Willingness to Learn

Projects

1. **AcademiaBD –** E-learning Platform (Web Application)
   - Developed a role-based e-learning web application using Laravel and MySQL
   - Implemented authentication, course management, quizzes, and an admin dashboard
   - Followed MVC architecture and clean coding practices

   Technologies: Laravel, MySQL, Bootstrap **|** Link: MahirTanzim/e-learning-platform

2. **Salary Management System** (DBMS Project)
   - Built a complete payroll system using MySQL with tables, triggers, stored procedures, and views.
   - Automated salary calculation based on attendance, overtime, and penalties.
   - Generated department-wise and employee-wise salary reports using SQL views.

   Technologies: MySQL **|** Link: MahirTanzim/Salary-Management-System

3. **MediTrack –** IoT-based Smart Medicine Box
   - Built an IoT-based smart medicine box with cloud integration
   - Implemented a reminder system with alarms and mobile notifications
   - Maintained logs of medicine intake and missed doses

   Technologies*:* ESP32, BlynkIoT, Sensors, RTC3231 | Link: MahirTanzim/MediTrack

Publications

1. Evaluating the Trustworthiness of Bengali AI-Generated Health Advice Amid Cyberchondria Using Transformer-Based Explainable NLP Framework | *International Conference on Big Data, IoT and Machine Learning (BIM), Accepted for Springer Lecture Notes in Networks and Systems (LNNS), 2025.*

2. Predicting Customer Sentiment of Bangladeshi Online E-Commerce Using Machine Learning | *4th International Conference on Electrical, Computer and Communication Engineering. Published on IEEE explore, 2024.*

Education

- **B.Sc in Computer Science and Engineering | Daffodil International University**
  Jan 2022 – Dec 2025
- **HSC | Nasirnagar Govt. College, Brahmanbaria**
  2019

Extra-Curricular Activities

Contests: Participated in Takeoff, Unlock the Algorithm, ICPC Preliminary, CrackDataset, and Datathon.

Language Proficiency

- Bangla (Native)
- English (Fluent)
